SARTORIA[®] est. 2018

2018: Sartoria is created, combining the knowledge with the understanding of modern ceramic history. A tailored project for all those who love interior design, small sizes, colour and decoration. From these four elements a new chapter within Terratinta Group is born, aiming to create a new style that can be exported all over the world.

Just like the detailed and creative creations of a tailor, Sartoria designs and fulfils distinguished ideas, giving new life to the craftsmanship of the small ceramic size. From white-body walls to gres porcelain tiles, different options designed for small and wide spaces: a unique, contrasting design, a choice between styles, a choice of style.

Dall'esperienza di una storia ceramica recente senza precedenti, nel 2018 nasce Sartoria. Un progetto su misura per chi ama l'interior design, il piccolo formato, il colore e la decorazione. Da questi quattro elementi nasce un nuovo capitolo all'interno di Terratinta Group, con l'obiettivo di creare un nuovo stile esportabile in tutto il mondo. Così come le creazioni di un sarto, meticolose e creative, Sartoria disegna e realizza grandi idee, dando nuova vita all'artigianalità del piccolo formato ceramico. Dal rivestimento in pasta bianca al porcellanato, diverse combinazioni pensate per piccoli e grandi spazi: un design unico, contrastante, una scelta di stili e di stile.
