Note on polished finish / Nota sulla finitura lappata

The glossy polished finish is suitable for residential or low-traffic commercial floors, where no anti-slip performance is required, and for walls. The polished glossy surface finish, surprisingly brilliant and bright, features slight irregularities typical of natural marble. The extraordinary brilliance and the easy cleaning of the surface are the result of in-depth research aimed at guaranteeing its durability over time. If the product is in direct contact with the outdoors, provide devices for absorbing moisture and dirt to prevent scratches. / La finitura lappata lucida è indicata per pavimenti residenziali o commerciali poco sollecitati, laddove non siano richieste prestazioni antiscivolo, e per rivestimenti. La finitura lappata lucida offre una superficie sorprendentemente brillante e specchiante, con lievi irregolarità tipiche dei marmi naturali. La straordinaria lucentezza e l'elevata pulibilità della superficie sono frutto di studi approfonditi e accurate ricerche tecniche volte a garantirne la persistenza nel tempo. Se il prodotto è a diretto contatto con l'esterno, prevedere dei dispositivi di assorbimento dell'umidità e della sporcizia per prevenire la formazione di graffi. / La finitura polie brillante est indiquée pour les revêtements de murs, ainsi que pour les sols résidentiels ou commerciaux peu sollicités qui ne nécessitent pas de caractéristiques antiglisse. La finition semi-polie brillante offre une surface à effet miroir incroyablement éclatante, doublée des légères irrégularités typiques des marbres naturels. La brillance extraordinaire et l'extrême facilité de nettoyage de la surface sont le fruit d'études et de recherches techniques approfondies visant à en garantir la résistance dans le temps. Si le produit est en contact direct avec l'extérieur, prévoir des dispositifs d'absorption de l'humidité et des salissures afin de prévenir la formation de rayures. / Das geläppte Hochglanz-Finish eignet sich als Bodenbelag in nicht stark beanspruchten Wohn- oder Gewerberäumen, die keine Rutschfestigkeit erfordern, sowie als Wandbelag. Das geläppte Hochglanz-Finish bietet eine überraschend helle und reflektierende Oberfläche mit den für Naturmarmor typischen, leichten Unregelmäßigkeiten. Der einzigartige Glanz und die besondere Reinigungsfreundlichkeit der Oberfläche sind Ergebnis eingehender Studien und sorgfältiger technischer Forschungsarbeit, mit denen dauerhafte Beständigkeit gewährleistet wurde. Bei direktem Kontakt mit dem Außenbereich sind Mittel zur Aufnahme von Feuchtigkeit und Schmutz erforderlich, die das Produkt vor Verkratzung schützen. / El acabado Lapeado pulido está indicado para pisos residenciales o comerciales poco esforzados, donde no se requiera un rendimiento antideslizante, también es ideal para revestimientos. El acabado lapeado pulido ofrece una superficie asombrosamente brillante y reflectante, con ligeras irregularidades típicas de los mármoles naturales. La extraordinaria brillantez y la elevada facilidad de limpieza de la superficie es el resultado de extensos estudios técnicos e investigaciones dirigidas a garantizar su resistencia en el tiempo. Si el producto está en contacto directo con el exterior, es necesario utilizar los dispositivos de absorción de la humedad y de la suciedad para evitar que se raye. / Лапатированная глянцевая плитка рекомендована для полов домашних и коммерческих интерьеров с небольшой интенсивностью эксплуатации и для стен. Лапатированная глянцевая поверхность имеет блестящий, почти зеркальный вид с легкими, типичными для природного мрамора неровностями. Блеск и легкая очищаемость являются результатом глубоких исследований, направленных на создание долговечного материала. Если плитка находится в непосредственном контакте с наружной средой, необходимо предусмотреть устройства поглощения влаги и грязи во избежание образования царапин.
